

## GIVING FOR *LIFE* – Review Parish Giving

Hold some form of annual review of giving. Personal and church finances work on an annual basis, and so it is good to help people review their giving once a year. You may wish to use the introductory questionnaire included with this pack or develop something entirely different.

The questionnaire invites you to express your impressions and preferences concerning the life of the parish. You might do this as a PCC, ask individuals, or make it part of a parish ‘away day’. It is entirely up to you.

There are 16 statements that cover key aspects, drawn from the experience of many parishes but amended for your location. You are invited to rate each statement from 1 to 4 in two columns. These marks should indicate how you evaluate the current achievement of your parish in each area and then how important you feel each topic is.

It is usually best to mark the 16 questions for current assessment first and then start again with your importance ratings. Please be honest – remember this is your personal view – not what you believe others will think! The key to deciding which mark to give is shown at the bottom of each page of the questionnaire.

It’s best not to ponder too much! About 10 - 15 minutes should be sufficient time to complete the questionnaire.
